## Professional Summary

Highly motivated and results-oriented Front-End Developer with 3 years of experience building user-friendly web applications using modern frameworks and libraries. Proven ability to collaborate effectively with designers and back-end developers to deliver exceptional user experiences. Eager to leverage skills in Vue.js, React, Tailwind CSS, and JavaScript to contribute to a fast-paced development team.

## EDUCATION

**University of Lagos**  
Bachelor of Engineering, Petroleum Engineering

Lagos, NGA  
Oct. 2015 - Sep. 2021

## WORK EXPERIENCE

**Simplified UX**  
Frontend Developer

Remote  
Oct. 2022 – Till date

- Developed and implemented interactive UI components using Vue.js, Tailwind CSS, and JavaScript frameworks.
- Partnered closely with designers to ensure pixel-perfect implementation and user-friendliness.
- Conducted thorough cross-browser testing to guarantee a seamless user experience across devices.
- Wrote clean, maintainable code adhering to industry best practices and standards.
- Liaised with back-end developers for smooth integration of front-end components.

**RaydianSoft**  
Frontend Developer

Remote  
Apr. 2022 – Jan. 2023

- Collaborated with a team of 3 to build a responsive website using Vue3.
- Designed and developed key elements like landing page, authentication flow, and navigation system.
- Implemented mobile and tablet layouts for optimal user experience across all devices.

**Dervac Institute**  
Web Development Tutor

Lagos, NGA  
Jan. 2023 – Aug. 2023

- Cultivated a positive learning environment where students felt comfortable asking questions and seeking help
- Developed innovative teaching materials that improved student engagement
- Provided personalized instruction and mentorship to guide students toward mastery of web development concepts.
- Facilitated a collaborative learning environment to encourage knowledge-sharing and problem-solving.

## PROJECTS
